Gentlemen:

We have reviewed and concur with your plans for feedwater nozzle inspections as set forth in your letter dated February 13, 1978. We request that you provide us, at least 90 days prior to your 1979 outage, a description of your plan for cladding removal and inspection techniques.

Should you have any questions, please contact us.

Sincerely,

Original signed by

George Lear, Chief
 Operating Reactors Branch #3
 Division of Operating Reactors
