UNITED STATES NUCLEAR REGULATORY COMMISSION

DOCKET NO. 50-320

METROPOLITAN EDISON COMPANY  
JERSEY CENTRAL POWER & LIGHT COMPANY  
PENNSYLVANIA ELECTRIC COMPANY

THREE MILE ISLAND NUCLEAR STATION, UNIT 2

NOTICE OF ISSUANCE OF AMENDMENT TO FACILITY OPERATING LICENSE

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment 3 to Facility Operating License No. DPR-73, issued to the Metropolitan Edison Company, Jersey Central Power & Light Company, and Pennsylvania Electric Company, for operating of the Three Mile Island Nuclear Station, Unit 2 (the facility), located in Dauphin County, Pennsylvania. The amendment is effective as of its date of issuance.

The license is amended by deleting certain conditions which have been satisfied, by adding a new condition and clarifying another, and by correcting a typographical error.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. This amendment removes certain temporary restrictions on operating at full rated power which were conditions to the Facility Operating License No. DPR-73, issuance of which was covered in the FEDERAL REGISTER on February 23, 1974.
