Docket Nos. 50-546/547

Ms. Carol Cowles
Madison-Jefferson County Public Library
420 West Main Street
Madison, IN 47250

Dear Ms. Cowles:

We are sending under separate cover Public Service Company of Indiana's "Tendered Application" for operating licenses for the Marble Hill Nuclear Generating Station, Units 1 and 2. This "Tendered Application" will be reviewed by the NRC staff and, if it is found acceptable, an "Accepted Application" will be submitted at a later date.

The "Tendered Application" consists of the following:

1. Application - General Information
2. Final Safety Analysis Report (FSAR) - Mini Review - Chapters 1-17 and Appendix A-F
3. FSAR - Responses to Questions
4. Emergency Plan
5. Environmental Report - 1 volume

Please file the "Tendered Application" with the other Marble Hill documents already on file at the library. If you have any questions concerning this material, Mr. Donaldson will be able to assist you during his July 11 visit.

Again, I want to thank you for helping us make the Marble Hill Local Public Document Room collection available to the public at the Madison-Jefferson County Public Library.

Sincerely,

Jona L. Souder
