Gentlemen:

Thank you for your letter of June 29, 1979, informing us of steps you have taken to correct the items of noncompliance concerning activities under NRC Operating License Nos. DPR-38, DPR-47 and DPR-55 brought to your attention in our letter of June 7, 1979. We will examine your corrective actions and plans during subsequent inspections.

With regard to items C and D, members of my staff discussed your responses by phone with Mr. J. O. Barbour on July 23, 1979, and Mr. R. L. Gill on July 26, 1979, and it is our understanding that further evaluation will be made by your organization and forwarded as a supplemental response on August 6, 1979. Consequently, our acceptance of your responses to items C and D will be delayed until this office receives your supplementary evaluation for review.

We appreciate your cooperation with us.

Sincerely,

R. C. Lewis, Acting Chief  
Reactor Operations and Nuclear  
Support Branch
