Division of Waste Management
U.S. Nuclear Regulatory Commission

Dear Mr. Scarano:

On June 26, 1979, TVA met with you and representatives of your branch to discuss the Edgemont Uranium Mill Decommissioning Plan, and TVA's proposed disposal site. It was our understanding from this meeting and in your June 29, 1979, letter to TVA, that a meeting would be held in late July 1979 at Edgemont to inspect the alternative tailings disposal sites. From subsequent conversations with representatives of your staff, this meeting apparently will not be held until sometime in early August 1979.

As we have discussed with you and your staff, we believe it is urgent to have the above-referenced meeting so that it can be determined if TVA's proposed site is the preferred site for tailings disposal.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
