Docket No. 50-267

SUBJECT: Technical Specification Change
SL 3.1, LCO 4.2.17

Dear Mr. Gammill:

This letter is to propose the following changes to the Fort St. Vrain
Technical Specifications:

- 1) SL 3.1 (Attachment 1)
- 2) LCO 4.2.17 Basis (Attachment 2)

In accordance with the provisions of 10CFR170, we believe that the proposed change to SL 3.1 (Attachment 1) is an amendment fee Class III since it involves a single issue for which the NRC has expressed a written request for clarification. We believe that the proposed change to the basis of LCO 4.2.17 (Attachment 2) is an amendment fee Class II since it is pro forma in nature.

A draft in the amount of \$5,200 for the fee payments is attached.

We request your concurrence with the proposed revisions as soon as possible. If you have any questions, please contact Mr. D. W. Warembourg, (303) 571-7436.

Very truly yours,

C. K. Millen
