Dr. Joseph Hendrie  
Chairman  
Nuclear Regulatory Commission  
1717 H Street, NW  
Washington, D.C. 20555

Dear Dr. Hendrie:

I thought you would be interested in the enclosed book, Nuclear Power and the Public Safety, by Elizabeth Rolph, which grew out of Rand's recent studies of nuclear power development and regulation.

The author and I would, of course, welcome your comments and reactions.

With best regards.

Sincerely,

A handwritten signature in cursive script that reads "Wally Baer".
