IN RESPONSE REFER
TO FOIA-79-98
(AZR/NRC/79/2)

Dear Mr. Roisman:

This is in further response to your letter dated April 4, 1979, in which you requested, pursuant to the Freedom of Information Act, all documents and communications in the possession of the Nuclear Regulatory Commission relating to the Three Mile Island Nuclear Station Unit 2.

The document listed in Appendix A to this letter is being placed in the NRC Public Document Room, 1717 H Street, N.W., Washington, DC.

Portions of document 1 of Appendix B are being withheld from public disclosure pursuant to Exemption (7)(C) of the Freedom of Information Act (5 U.S.C. 552(b)(7)(C)) and 10 CFR 9.5(a)(7)(iii) of the Commission's regulations, because disclosure of the information would constitute an unwarranted invasion of personal privacy.

Portions of document 2 of Appendix B have been deleted in order to protect the personal privacy of the individuals involved. The deleted information consists of home telephone numbers or home addresses, which represent approximately 95% of the deletions; the names of private citizens (where other personal information is involved); the names of individuals who may have been exposed to radiation; and the names and other personal information concerning reactor operators where that information is directly associated with their operator examination test scores. Because disclosure of the information would constitute a clearly unwarranted invasion of personal privacy, it is being withheld from public disclosure pursuant to Exemption (6) of the Freedom of Information Act (5 U.S.C. 552(b)(6)) and 10 CFR 9.5(a)(6) of the Commission's regulations.

The non-exempt portions of Appendix B documents have been placed in the PDR.

951098

7909170 Q42

Pursuant to 10 CFR 9.9 of the Commission's regulations, it has been determined that the information withheld is exempt from production or disclosure, and that its production or disclosure is contrary to the public interest. The persons responsible for the denial of portions of document 1 of Appendix B are the undersigned and Mr. David G. Flanders, Chief, Freedom of Information-Privacy Acts Branch, Federal Bureau of Investigation. The person responsible for the denial of portions of document 2 of Appendix B is the undersigned.

These denials may be appealed to the Commission's Executive Director for Operations within 30 days from the receipt of this letter. As provided in 10 CFR 9.11, any such appeal must be in writing, addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, DC 20555 and should clearly state on the envelope and in the letter that it is an "Appeal from an Initial FOIA Decision."

Since reactor safeguards was not an issue in the Three Mile Island incident, we have determined that documents concerning safeguards at the Three Mile Island Nuclear Generating Station Unit 2 are not subject to your Freedom of Information request.

The NRC has not completed its review of several pre-incident documents containing confidential business (proprietary) information. When the reviews are completed, we will notify you of our disclosure determination.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration

Enclosures: As stated

951039

APPENDIX A

1. April 13, 1979

Memorandum for Joseph Califano, et al from
Jack Watson; Subject: Long-Term Environmental
Radiation Monitoring at Three Mile Island

FOIA-79-98
Rec'd 4-5-79

Dear Sir or Madam:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, please supply me with all documents and communications of any kind received by or in the possession of the Nuclear Regulatory Commission relating to the Three Mile Island Unit 2. Please include all letters, memoranda, reports, and summaries or minutes of meetings concerning this subject from March 27, 1979, to the date of response to this request. We need this information as soon as possible, and no extensions of time can be allowed.

Thank you for your attention to this request.

Sincerely,

Anthony Z. Roisman
