Docket No. 50-373
Docket No. 50-374

Commonwealth Edison Company
ATTN: Mr. Byron Lee, Jr.
Vice President
P.O. Box 767
Chicago, IL 60690

Gentlemen:

This refers to the inspection conducted by K. R. Naidu and J. H. Neisler of this office on June 27-28, 1979, of activities at La Salle County Station, Units 1 and 2, authorized by NRC Construction Permits No. CPPR-99 and No. CPPR-100 and to the discussion of our findings with Mr. L. J. Burke and others of your staff at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

During this inspection, certain of your activities appeared to be in noncompliance with NRC requirements, as described in the enclosed Appendix A. The item is a deficiency and your staff has initiated corrective action; consequently, no reply is required.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC's Public Document Room, except as follows. If the enclosures contain information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.
