Dear Sir:

Pursuant to the Freedom Of Information Act and 10 CFR Part 9, I will appreciate your sending me one complete copy of the case file submitted to the Nuclear Regulatory Commission during the week of July 12, 1979, by Ronald G. Clary, who is employed as a structural engineer with the Transportation Branch of the Nuclear Regulatory Commission.

The subject matter of the case file concerns alleged flaws in the design of the metal casks used for the rail shipment of naval nuclear reactors.

Thank you for your cooperation.

Very truly yours,
