Mr. W. Cramond
Division 4412
Sandia Laboratories
P. O. Box 5800
Albuquerque, New Mexico 87185

Dear Mr. Cramond:

This letter is in response to your request to John Angelo concerning radiation levels in the containment at TMI-2. Enclosed please find an internal Met-Ed memo, subject "Containment Dome Radiation Monitor." Since this is a Met-Ed internal document, I would appreciate it if you would use this information for your own use. Any use of the data or publication of this memo outside Sandia should be cleared by me first.

Sincerely,

A handwritten signature in cursive script that reads "John T. Collins".

John T. Collins, Deputy Director
TMI-2 Support
Office of Nuclear Reactor Regulation
