The Honorable Edwin B. Forsythe
United States House of Representatives
Washington, D. C. 20515

Dear Congressman Forsythe:

This is in response to your letter of August 13, 1979 in which you requested information on a report listing locations, quantities and types of all nuclear wastes stored in the United States. The report to which you referred is one which was required by a provision of Public Law 95-601, the Nuclear Regulatory Commission authorization for fiscal year 1979. It was approved by the Commission on August 23, 1979 and has been issued as NUREG-0527, "Regulation of Federal Radioactive Waste Activities." A copy is enclosed for your information.

Your interest in the issues of radioactive waste management is appreciated.

Sincerely,

Joseph M. Hendrie
