

APPENDIX A

NOTICE OF VIOLATION

Sun Shipbuilding & Dry Dock Co.
Chester, Pennsylvania 19013
License No. 37-02500-01

Document No. 30-06073

Based on the results of an NRC inspection conducted on May 29, 1979, it appears that one of your activities was not conducted in full compliance with the conditions of your NRC license as indicated below:

Condition 15 of your license requires that licensed material be possessed and used in accordance with the statements, representations and procedures contained in your application dated June 2, 1977 and letter dated August 19, 1977.

Item e, page 5 of Attachment No. 4 to your August 1977 letter, requires that survey meters which fail to meet 10% of the calculated value when calibrated, be turned into the Electronic Shop for repair.

Contrary to this requirement, a survey meter calibrated on March 6, 1979 was allowed to remain in service when a calibration point failed to meet the required accuracy.

This is an infraction.
