Attention: Charles E. MacDonald, Chief SECTION

Gentlemen:

This letter is in response to your letter dated August 3, 1979, requesting additional information regarding our Quality Assurance Program.

REQUEST FOR ADDITIONAL INFORMATION

Your response to Section 7 "Audits" is too limiting. Your annual audits should be carried out to verify compliance with all aspects of your quality assurance program (including managerial and administrative controls) and to determine the effectiveness and adequacy of your program. Please expand your response to provide such commitment.

Enclosed you will find seven (7) copies of our revised Quality Assurance Program, which hopefully will meet with your approval

Very truly yours,

Tom W. Cuthbertson  
Radiation Safety Officer
