SHUT DOWN RANCHO SECO

.....The Events that occurred at the Three Mile Island Nuclear Power Plant in Pennsylvania, are a grim reminder that there is such thing as a safe nuclear reactor.

.....The Rancho Seco Nuclear Power Plant was built by Babcock and Wilcox, the same firm that built the plant at Three Mile Island.

.....We the undersigned demand that the Sacramento Municipal Utilities District (the owners of Rancho Seco), and the U.S. Nuclear Regulatory Commission immediately close down the Rancho Seco Nuclear Power Plant, before the realities of a nuclear accident become a reality in California.
