Mr. Robert L. Stevenson  
Uranium Fuel Fabrication Section  
Fuel Processing & Fabrication Branch  
Division of Fuel Cycle and Material Safety  
U.S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Subject: Exxon Nuclear Company  
Experimental Test Facility  
Docket No. 70-2219

Reference: Letter, R. L. Stevenson (NRC) to R. Nilson (ENC),  
Request for Additional Information, dated July 2, 1979

Dear Mr. Stevenson:

Transmitted herewith are eight (8) copies of document XN-EL-29, Rev. 2, entitled "License Application For Special Nuclear Material: Experimental Test Facility," dated August 1979. The document is being transmitted in its entirety to facilitate future revision changes by printing on one side of the page only. Future revisions will include only page changes.

Part III of the document addresses staff questions identified in the reference letter. Submittal of the responses permits timely continuation of Exxon Nuclear's request for a special nuclear material license for the proposed Experimental Test Facility, original application filed on February 27, 1976 and updated February 26, 1979.

Exxon Nuclear will be pleased to provide additional information as required relating to the license application.

Sincerely,

1104 019

*R. Nilson*
