Docket No. 50-302
Operating License No. DPR-72
Technical Specification Change Request

Dear Sir:

Enclosed are three (3) originals and forty (40) copies of Technical Specification Change Requests Nos. 23 (Rev. 1) and 52, requesting amendment to Appendix A of Operating License No. DPR-72. As part of this request, proposed replacement pages for Appendix A are enclosed.

Florida Power Corporation considers Change Request No. 23 (Rev. 1) to be a revision to Change Request No. 23, which was submitted on March 17, 1978. Therefore, no licensing fee is applicable.

Change Request No. 52 is considered to be a Class III amendment per 10 CFR 170.22 as it involves a single safety issue. However, no licensing fee is applicable as FPC was requested to propose the Change Request by the NRC (letter dated August, 1979). Finally, Change Request No. 52 supersedes Change Request No. 44, which was submitted on May 23, 1979.
