Division of Operating Reactors

Subject: James A. FitzPatrick Nuclear Power Plant
Docket No. 50-333
Proposed Management Title and Organizational
Changes

Dear Sir:

Enclosed for filing are three (3) signed originals and nineteen (19) copies of a document entitled, "Application for Amendment to Operating License", and attachments thereto.

This application seeks to amend Section 6 of Appendix A and Section 5 of Appendix B of the Operating License to reflect changes in management organization charts and position titles currently being used by the Authority and to modify the reporting requirements of the Resident Manager.

In accordance with 10 CFR §170.22, the Authority has classified this application as Class II because the requested amendment has no safety or environmental significance. Therefore, as required by the regulation, enclosed is a check for \$1,200 for the filing fee. This payment is being made under protest and the Authority reserves the right to challenge the validity of the imposition of these fees and the basis for the determination of the amount of the fees.

In support of this application we are enclosing forty (40) copies of the Safety Evaluation corresponding to the proposed Technical Specification changes.

Very truly yours,

Paul J. Early
