**FREEDOM OF INFORMATION
ACT REQUEST**

FOIA-79-346
REC'D 9-24-79

Mr. Joseph Fellon
Director of Rules and Regulations
U.S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Fellon:

We are conducting a market survey of process control instrumentation in the United States. Part of the survey relates to the number of nuclear gauges placed in the paper, textile and related industries. To complete our analysis, I would like to obtain as much information as possible, such as the location and manufacturer of the gauge and the original date of the license.

A phone conversation with Mrs. Henna Bristow indicated that some of the requested information is in the public domain and access is available under the Freedom of Information Act.

By this letter, I am requesting access to those files available for inspection. If a representative of your office would contact me for specific details relative to this information transfer, it would be sincerely appreciated.

Yours truly,

John S. Bartoszewicz
Director of Commercial
Development
