License No. DPR-50
Inspection No. 76-14
Docket No. 50-289

Gentlemen:

This refers to the inspection conducted by Mr. D. Donaldson of this office on June 24, 1976 at the Three Mile Island Nuclear Power Plant of activities authorized by NRC License No. DPR-50 and to the discussions of our findings held by Mr. Donaldson with Mr. J. Colitz and other members of your staff at the conclusion of the inspection.

The area examined during this inspection was limited to observation of the Three Mile Island emergency drill. Within this area, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must be accompanied by an affidavit executed by the owner of the information, which identifies the document or part sought to be withheld, and which contains a statement of reasons which addresses with specificity the items which will be considered by the Commission as listed in subparagraph (b)(4) of Section 2.790. The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
