POOR ORIGINAL

Dear Mr. *Green*

As the result of a recent change in my assigned responsibilities, I will no longer have any direct involvement in PGandE's nuclear power program. Accordingly, it would not be appropriate that I continue to serve as a member of the ANS-3 Standards Subcommittee. I would recommend that Jim Shiffer, who has been serving as my alternate on ANS-3, be considered for regular membership on the Subcommittee.

I have had the privilege of being a member of ANS-3 since the group was formed in 1968. Please convey to the membership that I have thoroughly enjoyed my association with them over the years and wish them the best during this difficult period for nuclear power.

Sincerely,

James C. Carroll
