Docket Nos. STN 50-556  
                  N 50-557

NRC STAFF MOTION FOR FURTHER  
EXTENSION OF TIME

On August 11, 1979, the Applicants in this case filed a Request for Hearing and Motion to Establish a Hearing Schedule to litigate the effects of TMI on the proposed Black Fox Station. The Staff asked for and was granted an extension of time until today to file its reply to the Applicants' Motion.

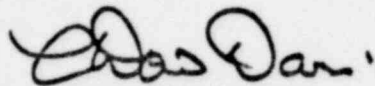

On September 6 and again on September 14, 1979, the Commission met to discuss alternatives which would provide the most appropriate manner to consider the effects of TMI and other safety related issues in cases currently pending before Atomic Safety and Licensing Boards. To date, the Commission has reached no conclusion in this matter; however, its decision in this regard will ultimately dictate the Staff's response in the present proceeding. Accordingly, pending further action or direction on this issue, the NRC Staff hereby respectfully requests that the deadline for the submission of its answer to the instant

Applicants' Request for a Hearing Schedule be further extended for an additional 20 days, up to and including October 7, 1979.

Respectfully submitted,

L. Dow Davis  
Counsel for NRC Staff
