Dear Dr. Nakajima:

In response to your telephoned request of April 14, 1969, I am pleased to enclose a copy of the safety analysis on aircraft damage to Metropolitan Edison Company's Three Mile Island Nuclear Station Unit #1.

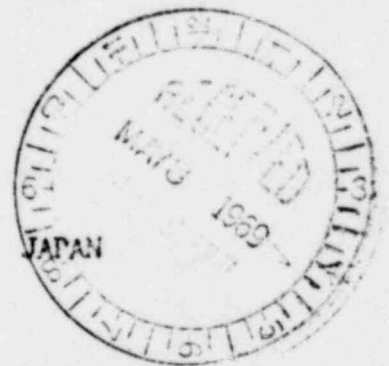

Additional background information is contained in the application for the reactor and in the AEC's safety evaluation. You may wish to look at these other documents in the Public Documents Room at our H Street office. In the meantime, if I can be of any further assistance, I hope you will feel free to call on me.

Sincerely,
