Your letter of September 14, 1977, requested Met-Ed to submit a schedule for providing our evaluation of the fracture toughness of the steam generator and reactor coolant pump support materials for TMI-1. On October 20, 1977, we discussed this letter with Mr. Dick Snaider of your organization and he stated that no evaluation would be requested at this time. Therefore, we are not submitting a schedule for an evaluation.

Sincerely,
