OFFICE OF RADIATION SAFETY
WASHINGTON, D.C. 20059

September 27, 1979

MEMORANDUM

TO : Mr. Boyce H. Grier, Director
U.S. Nuclear Regulatory Commission
Region I

FROM : Dr. George A. Ferguson, Chairman *GAF/dmr*
Howard University Radiation Safety
Committee

SUBJECT : IE Bulletin 79-19

All licensees at Howard University received IE Bulletin 79-19 during the month of August 1979. The response to questions raised in this bulletin is attached. Since the use of isotopes at Howard University is organized and directed through the Howard University Radiation Safety Committee, this response is a combined response of those persons who received the bulletin.
