ISLAND 1)

A meeting was held in Bethesda with METED to discuss the effect of
Regulatory Guide 1.21 on the proposed changes to Technical
Specifications, Appendix B.

Revised Regulatory Guide 1.21 was issued after the proposed Technical
Specifications were developed by ETSB. METED requested this meeting
to point out specific areas where the Technical Specifications did

and the final version will be available from ETSB by August 15, 1974.
