R. S. Boyd, Assistant Director for Reactor Projects, DRL

METROPOLITAN EDISON COMPANY (THREE MILE ISLAND UNITS 1 AND 2)  
DOCKET NOS. 50-289, 320

The enclosed report of the management meeting, conducted subsequent to the initial quality assurance inspection, of the subject facility is transmitted for information.

The licensee's senior management representatives were receptive to the comments made by Compliance. They stated that they would give prompt attention to these matters.

Compliance will follow up on the deficiencies noted during the inspection. A limited reinspection is planned for the latter part of March 1970.
