We have reviewed the Industrial Security Plan for the Three Mile Island Station. The pertinent documents include an original plan description designated as Revision 3, reference (a), revisions 4 and 5 to the plan description, references (b) and (c), and the responses to AEC questions, references (d) and (e).

We find that the Plan complies with the requirements of 10 CFR 50.34(c), conforms to Regulatory Guide 1.17 dated June 1973, and is acceptable. The licensee should be informed of this conclusion.
