Re: Indian Point Unit No. 1
Docket No. 50-03

Mr. Darrell G. Eisenhut, Acting Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Eisenhut:

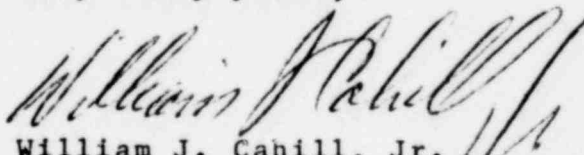

This letter responds to your September 21, 1979 letter on the subject of surveillance procedures and multiple equipment failures.

With respect to Indian Point Unit No. 1, the unit was shutdown on October 31, 1974 and is presently in the defueled condition awaiting a decision by the company whether or not to install an emergency core cooling system in accordance with the Commission's regulation. The information requested in the letter will be provided if an affirmative decision is reached to return the unit to service.

This information is being submitted pursuant to 10CFR50.54(f) and forty (40) copies of this submittal are being provided.

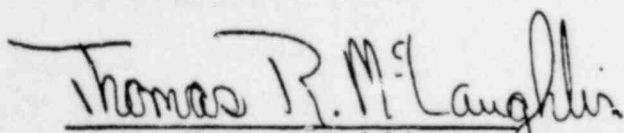

Should you or your staff have any additional questions, please contact us.

Very truly yours,

William J. Cahill, Jr.
Vice President

attach.

Subscribed and sworn to
before me this 9th day
of November, 1979.
