Dear Mr. Denton:

Please refer to the letter of Mr. Stanley Ragone, President of Virginia Electric and Power Company, dated October 22, 1979, addressed to you regarding the topical review of the RETRAN Computer Code developed by Electric Power Research Institute for the accident and transient analysis of both PWRs and BWRs. I am sending you sixty (60) copies of the RETRAN Computer Code documentation (EPRI-CCM-5, Vols. 1-4) as part of the submittal for the subject topical review under separate cover.

Very truly yours,

B. R. SEHGAL
