October 12, 1979

Mr. Joseph F. Frino, Chief
Administrative Branch
Brookhaven Area Office
U.S. Department of Energy
Upton, New York 11973

Dear Mr. Frino:

This letter provides guidance and funding to BNL to support the Division of Operating Reactors in the evaluation of Mark I Containment Suppression Pool Hydrodynamic Loads. The scope of this work and associated schedule are defined in the enclosure. The FY 1980 B&R Financial Plan will include \$70,000 for this work under B&R 20 19 06 21, Fin A3108, and \$110,000 for this work under B&R 20 19 01 03, Fin A3337.

Bimonthly reports of technical progress and financial status should be forwarded to this office. Letter reports should be prepared on the completion of each major subtask and as directed by DOR.

The Division of Operating Reactors technical contact for this program will be Chris Grimes (301) 492-8204.

The enclosed NRC Forms 173, Standard Order for DOE work, for \$180,000 are hereby submitted in accordance with Section III.B.2 of the DOE/NRC Memorandum of Understanding of February 24, 1978. Please indicate DOE acceptance by signing and returning the enclosed NRC Form 173 to the NRC Office of the Controller, Division of Accounting, with a copy to the Office of NRR, Attention: P. Triplett.

Sincerely,

Darrell G. Eisenhut, Acting Director
Division of Operating Reactors
