Dear Dr. Lee:

SUBJECT: USE OF LER'S IN ASSESSMENT OF NUCLEAR POWER SYSTEMS

Mr. Saul Levine has forwarded your earlier letter to Mr. C. J. Heltemes, Interim Director of the new Office for Analysis and Evaluation of Operational Data (See Mr. Levine's letter to you, dated November 2, 1979). Mr. Heltemes suggested I contact you.

Personnel in AEOD are currently planning the activities of this new office. Much of that effort is focused on LER's. We would be interested to know more about your work. I have tried to contact you by telephone (805-963-1124) but the telephone has been disconnected. Perhaps you could contact me on 301-492-7961 or 301-492-8377 and we could arrange a meeting.

Sincerely,

/s/
