

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

October 24, 1979

SECY-79-587

**INFORMATION REPORT**

For: The Commissioners

From: James R. Shea, Director  
Office of International Programs

Thru: Executive Director for Operations *JRS for L.V.G.*

Subject: APPLICATION FOR EXPORT LICENSE DATED 10/10/79, XCOM0315,  
TO ROMANIA THRU CANADA.

Purpose: To inform the Commission of the receipt of a license  
application warranting special attention.

Discussion: Enclosed for the information of the Commission is a  
copy of a license application for the export of  
Zirconium extruded tubes to Romania thru Canada  
for ultimate use in the Cernavoda 1 nuclear power facility.  
This is the first license application we have received  
for the export of components destined to Romania for  
the CANDU reactor. We understand other license applications  
will be forthcoming.

A copy of the application has been placed in the Public  
Document Room.
