AGENCY: Nuclear Regulatory Commission.

ACTION: Implementation of electronic distribution of low-level waste program correspondence.

SUPPLEMENTARY INFORMATION:

The DUWP currently already uses Listserv to distribute correspondence for Waste Incidental to Reprocessing (WIR) Program Documents (82 FR 33160; July 19, 2017) as well as reactors in decommissioning (83 FR 49434; October 1, 2018). Public feedback regarding this process has been positive, as it allows for other stakeholders to be notified of and receive NRC's correspondence to addressees in a timely manner. Distribution of documents containing safeguards, proprietary or security-related information, or other information that is withheld from public disclosure will not be affected by this initiative.

This initiative of establishing a Low-Level Waste Program ListServ will be implemented on August 15, 2019. For those members of the public who are currently on the NRC low-level waste program e-mail list and are already receiving NRC e-mails with links to publicly-available low-level waste program documents, your e-mail addresses have already been transferred to the Low-Level Waste Program ListServ. You will

continue to receive NRC correspondences via e-mail in the future and do not need to take further action.

If any other members of the public would like to start receiving NRC e-mails with a link to future publicly-available low-level waste program documents, please sign-up for the ListServ using the following steps: (1) go to the NRC's public Web site and select "[Public Meetings & Involvement](#)," (2) select "[Subscribe to E-mail Updates](#)," (3) select "[Lyris Subscription Services](#)" and check the box for "LLW Distribution," (4) enter the e-mail address through which you want to receive the NRC Listserv e-mails, and (5) click on "Subscribe."

Once subscribed, you will receive an e-mail from the NRC with instructions for managing your NRC Listserv subscription, including how to change e-mail addresses and how to unsubscribe.

Dated at Rockville, Maryland this 8th day of August, 2019.
