Docket No. 50-498/Rpt. 79-14
50-499/Rpt. 79-14

Houston Lighting and Power Company
Attn: Mr. E. A. Turner, Vice President
Power Plant Construction and
Technical Services
Post Office Box 1700
Houston, Texas 77001

Gentlemen:

This refers to the investigation conducted by Messrs. W. G. Hubacek and H. S. Phillips of our staff during the period September 4-7 and 11-14, 1979, of activities authorized by NRC Construction Permits No. CPPR-128 and 129 for the South Texas Project, Units No. 1 and 2, concerning an allegation by a former South Texas Project employee.

The investigation and our findings are discussed in the enclosed investigation report.

During the investigation, it was found that certain activities under your license appear to be in noncompliance with Appendix B to 10 CFR 50 of the NRC Regulations, "Quality Assurance Criteria for Nuclear Power Plants." The item of noncompliance and reference to the pertinent requirements are identified in the enclosed Notice of Violation.

One new unresolved item is identified in paragraph 2.c of the enclosed report.

This notice is sent to you pursuant to the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office, within 30 days of your receipt of this notice, a written statement or explanation in reply including: (1) corrective steps which have been taken by you, and the results achieved; (2) corrective steps which will be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved.

During the investigation, it was found that certain of your activities appeared to deviate from commitments in the PSAR. This item and references to the specific commitments are identified in the enclosed Notice of Deviation. In your reply, please include your comments concerning this item, a description of any steps that have been or will be taken to correct it, a description of any steps that

have been or will be taken to prevent recurrence, and the date all corrective actions or preventive measures were or will be completed.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed investigation report will be placed in the NRC's Public Document Room. If the report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office, within 20 days of the date of this letter, requesting that such information be withheld from public disclosure. The application must include a full statement of the reasons why it is claimed that the information is proprietary. The application should be prepared so that any proprietary information identified is contained in an enclosure to the application, since the application without the enclosure will also be placed in the Public Document Room. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this investigation, we will be pleased to discuss them with you.

Sincerely,

W. C. Seidle, Chief
Reactor Construction and
Engineering Support Branch
