Nuclear Regulatory Commission  
1717 H St - N.W.  
Washington DC 20555

To Whom it may concern:

I have written to my Congressman 3 times & he has suggested I also write to you, about the recent application by Maine Yankee Atomic Power Co of Wisconsin Maine in order to expand the plants capacity to store spent fuel rods.

I am just an ordinary citizen but never has an issue such as nuclear power upset me as anything before. I am not a technician but what I read tells me that there are enough unknowns so as not to expand any storage of spent fuel rods at Maine Yankee Atomic Power Co of Wisconsin Maine

Sincerely

Robert F. Jones

Acknowledged by card... ~~11/14/79~~
