NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

NOV 7 1979

MEMORANDUM FOR: Joan Aron, OPE
FROM: Harold E. Collins, Assistant Director
for Emergency Preparedness
Office of State Programs
SUBJECT: BACKGROUND INFORMATION ON SANDIA/SAI TECHNICAL ASSISTANCE
EFFORT (FY 79-\$100K)

As you have requested, enclosed is a copy of the SANDIA/SAI FY-\$100K Contract Statement of Work.

Also enclosed is a copy of the latest version of the draft SAI Exercise Scenario.

SAI has provided Observers/Evaluators at the following recent State and nuclear facility exercises:

<u>Facility</u>	<u>State</u>	<u>Date</u>
St. Lucie	Florida	8/22/79
Salem	Delaware	9/20/79
Salem	New Jersey	3/27/79

An SAI report on only the Florida exercise has been prepared. A copy of it is enclosed.

We see a need for continued SANDIA/SAI support for the next fiscal year, but we have no funds available in State Programs for this continued support. We would like SANDIA/SAI to:

1. Develop a complete book of 10-12 Exercise Scenarios to test the State and local emergency plans.
2. Assist in observation/evaluation of some 15-20 upcoming tests of plans during FY 80.
