Dear Mrs. Weiss:

Thank you for your September 12th letter. I am pleased that you received the material I sent and will be happy to see that you receive any other documents which will deal with environmental impact in your area. At present we are reviewing two license applications for mills in your area. One is for Cyprus Mines Corporation's Hansen Project in Fremont County, Wyoming and Cotter Corporation's mill at Canon City, Colorado. A draft environmental statement (DES) will be prepared for each of these two mills. When the DES's are available, we will send you a copy and will welcome your comments on the projects.

If you have any further questions, please write me.

Sincerely,

Ross A. Scarano, Chief
