Docket No. 50-344  
(Control Building)

EUGENE ROSOLIE, PRO SE, AND COALITION  
FOR SAFE POWER, AND NINA BELL, PRO SE AND FOR  
CONSOLIDATED INTERVENORS INTERROGATORIES TO PGE,  
November 14, 1979.

Eugene Rosolie, pro se, and the Coalition for Safe Power and Nina Bell, pro se and for Consolidated Intervenors hereby request that the Licensee, pursuant to 10 CFR 2.740b, answer separately and fully and in writing, under oath or affirmation, the following interrogatories within 14 days after service thereof.

For each response to the interrogatories listed below, identify the person or persons who prepared, or substantially contributed, to the preparation of this response.

We further request that the Licensee, pursuant to 10 CFR 2.741, provide copies of, or make available for our inspection, the documents designated by the Licensee in response to certain of the accompanying interrogatories within 30 days after service thereof.

### Interrogatory 1

Portland General Electric, on August 31, 1979, submitted a report in response to IE-Bulletin No. 79-14. Supply the following information on matters mentioned in that report:

- a) List the "approximately 50 DCNs". The list should include the following information; building location, elevation, tag no., system, function, size (if piping), and line/150 No.
- b) Supply copies of all 50 MRs
- c) List all isometrics found to be in nonconformance
- d) Supply detailed information on the two nonconformances, the Containment Spray System and the Auxiliary Feedwater System. The information should include the items outlined in (a) of this Interrogatory.

### Interrogatory 2

Supply the complete report on response to IE-Bulletin No. 79-14 which was to be submitted on September 28, 1979.

### Interrogatory 3

Supply all previous reviews on the seismic qualification of HCB-14-1 and B train done prior to occurrence date reported in IER 79-13.

### Interrogatory 4

On November 8, 1979, it was reported that numerous guards at the Trojan site were arrested on drug charges. Supply the following information in connection with this incident:

- a) When did PGE inform the NRC of the situation? Supply all documents, if any, sent to the NRC.
- b) Were drugs stored on-site? If yes, give location.

**POOR ORIGINAL**

1591 355

- c) Explain how ABE became aware of the drug problem and when.
- d) If drugs were stored on-site explain how such drugs were able to enter the site.
- e) What procedures are used to assure that construction workers entering the site are not carrying drugs on-site or using drugs while performing their duties?
- f) Is it Licensee's position that guards on-duty under the influence of drugs do not pose a security risk? If yes please explain in detail.
- g) Is it Licensee's position that construction workers under the influence of drugs do not pose a quality assurance risk? If Explain answer in detail.
- h) Is it Licensee's position that the use and selling of drugs on the Trojan site does not violate any NRC regulations? Explain answer in detail.
- i) Is it Licensee's position that drugs could not be used in an act of sabotage? Explain answer in detail.

Respectfully submitted
