Ms. Madonna Krug
Uranium Recovery Licensing Branch
Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Ms. Krug:

We appreciated very much your and Mr. Miller's participation in the Hansen Project tour and discussions last Monday. We hope that it was helpful to you for your review of the Project.

As you requested during the tour, I am enclosing an aerial photograph of the mill and tailings area. As requested, I am also sending a copy of the Appendix to the Wahler report on the Hansen Project Tailings Impoundment and Raffinate Pond to James Voorhees of Fred C. Hart and Associates. The text of the report is included as Appendix C of the Hansen Project Environmental Report.

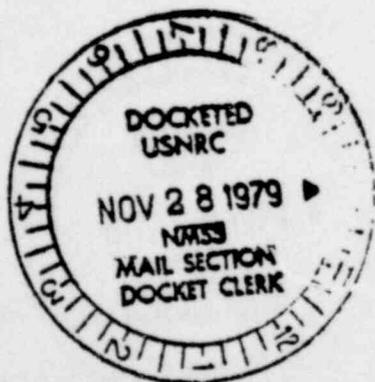

Very truly yours,

M. A. Thompson
Principal Licensing Engineer
