RE: Freedom of Information Act Request

Dear Mr. Felton:

Pursuant to the Freedom of Information Act, the Union of Concerned Scientists requests copies of the documents described below.

At a recent ACRS meeting, Daniel Muller, Chairman of the NRC task force on siting policy, stated that the group had applied the siting criteria developed by the task force to 104 existing nuclear plant sites, and that about 30 failed to meet the newly-proposed policy. UCS requests any memoranda, work sheets or other documents which contain any such analysis of the application of proposed siting criteria to existing sites.

Very truly yours,

Ellyn R. Weiss
