IN RESPONSE REFER
TO FOIA-79-480

Dear Ms. Weiss:

This is in regard to your letter dated November 5, 1979, in which you requested, pursuant to the Freedom of Information Act, a copy of any documents which contain an analysis of the application of the proposed siting criteria to existing sites.

In response to your request, a copy of a memorandum to D. R. Muller from R. W. Houston, Subject: "NUREG 625 RECOMMENDATION No. 2" is enclosed. Included are 6 pages of computer printed lists of nuclear power plants that do, and those that do not, meet the new siting criteria. (Total 8 pages). A copy is also being sent to the NRC Public Document Room (PDR), 1717 H Street, N.W., Washington, DC.

Please note that a copy of the transcript of the ACRS meeting you referred to concerning the new siting criteria is on file in the PDR where it is available for inspection and copying. This transcript is dated October 17, 1979 and is entitled "ACRS Meeting On Radiation Effects and Siting Criteria."

This completes action on your request.

Sincerely,

John C. Carr, Acting Director
Division of Rules and Records
Office of Administration

Enclosure: As stated
