ATTN: Mr. W. P. Stewart, Manager
Nuclear Operations
P. O. Box 1240

Gentlemen:

This office has received a copy of your letter dated August 17, 1979, which transmitted your Crystal River Unit No. 3 Nuclear Plant Security Training and Qualification Plan to the Office of Nuclear Reactor Regulation (ONRR) for review and approval as required by 10 CFR Part 73 of the Commission's regulations. The submittal was not accompanied by an approval or amendment fee as required by Section 170.22 of 10 CFR 170. Section 170.12(c) requires that your company provide a proposed determination of the amendment (approval) class, state the basis therefor, and remit the fee corresponding to this determination with the application for approval or amendment.

Based on guidance from the ONRR staff as a result of their preliminary review of your Plan, it has been determined that the Plan involves consideration of a single safeguards issue requiring a Class III fee of \$4,000. It is requested that the fee be forwarded to this office. If the final review of your Plan by the ONRR staff reveals that this fee is incorrect, you will be refunded any overpayment or billed for any additional amount due.

Sincerely,
