Dear Mrs. Wright:

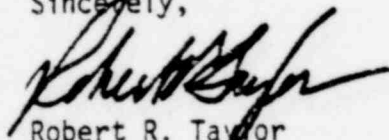

We hereby request that the International Atomic Energy Agency, Karntner Ring 11, P.O. Box 590 A-1011 Vienna, Austria be added as the "Intermediate Consignee in Foreign Country" on Export license XSNM01504.

Because of difficulties in obtaining reasonable shipping connections between the U.S.A. and the ultimate Consignee---Ankara, Turkey, we have contacted the IAEA for assistance. They have suggested we ship to them, and they will take care of shipping the neutron source on to Turkey.

We would appreciate your prompt response to our request as we are trying to set up shipping details for an early December shipment.

Should you have any questions on the above, please contact me at your earliest convenience.

Sincerely,

Robert R. Taylor  
Manager  
Operations
