Docket No. 50-155

Mr. David P. Hoffman
Nuclear Licensing Administrator
Consumers Power Company
212 West Michigan Avenue
Jackson, Michigan 49201

Dear Mr. Hoffman:

We are continuing our review of your submittals related to the proposed expansion of the storage capacity of the spent fuel pool for the Big Rock Point Plant and have found that the following additional information is needed.

1. By letter dated November 27, 1979, we requested additional information regarding SEP Topic IX-1 - Fuel Storage for the presently authorized spent fuel storage pool. We request that the same questions be addressed for the pool with the proposed expanded spent fuel storage capacity.
2. Discuss the inspection and test procedures to be used for the crane and any other rack lifting and transporting devices prior to the movement of the racks in or over the pool.

Please provide your response within 30 days of the date of this letter.

Sincerely,

Dennis L. Ziemann
