Dear Mr. Grier:

In your letter dated November 1, 1979 you refer to a report required from us under Item 9 of IE Bulletin 79-19, "Packaging of Low-Level Radioactive Waste for Transport and Burial".

Our license has expired and, since we have no future plans, it will not be renewed. We are therefore unable to report any plan of action or schedule as stated in Item 9. In addition, it should be noted that we did not generate any liquid low-level radioactive waste.

We trust the above will clarify our position in this matter.

Sincerely yours,

D. S. Crocket  
Associate Provost
