Docket No. 30-14860

JUL 20 1979

License No: 06-15502-01
Expiration Date: February 28, 1978

Town of Groton
ATTN: Mr. Almquist
Department of Public Works
Groton, Connecticut 06340

Gentlemen:

SUBJECT: NOTICE OF EXPIRED LICENSE

This refers to the telephone discussion between Mr. F. Augustine, Jr. of this office and yourself on June 1, 1979.

NRC records show that the Byproduct Material License identified above has expired and no renewal application has been filed in accordance with Section 30.37 of Title 10, Code of Federal Regulations, Part 30.

From our discussion with your representative we learned that you still possess material which requires a specific NRC license. Your possession of that material without a specific license is a violation of Section 30.3 of 10 CFR Part 30. Therefore, you must take the following actions:

Divest yourself of the material immediately, in a lawful manner, and prepare a statement which explains the method of disposal of the materials-- what material was involved, how it was disposed of or to whom it was shipped, and when this was done.

A copy of the statement shall be sent, within fifteen (15) days of the receipt of this letter, to Region I, U.S. Nuclear Regulatory Commission, 631 Park Avenue, King of Prussia, Pennsylvania, 19406, ATTN: Mr. R. O. McClintock, Chief, Materials Radiological Protection Section, Fuel Facility and Materials Safety Branch.

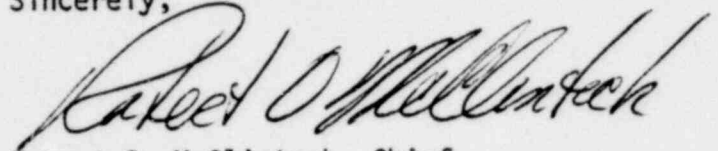

Also, if the activities conducted under the expired license were subject to the reporting requirements of 10 CFR 20.407, you must submit the annual report required by 20.408 for individuals engaged in activities under the expired license. Those reports must be submitted to the Office of Administration, U.S. Nuclear Regulatory Commission, Washington, D.C., 20555, ATTN: Mr. J. B. Winningham.

7912810 079

We request that you give prompt attention to these matters.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert O. McClintock".

Robert O. McClintock, Chief
Materials Radiological Protection
Section
