Dear Mr. Keppler:

In reply to your letter of November 27 regarding our action required under NRC Bulletin 79-19 (packaging of waste), I believe we responded, as required, to the original bulletin, to the effect that our department does not generate any low-level radioactive waste.

Please note, however, that the NRC license number given below currently covers three academic departments of our College: Biology, Chemistry and Physics. I am responding for the Physics Department only.

Sincerely,

Richard R. Bukrey
