Attn: Mr. Robert O. McClintock, Chief

Subject: Your letter of November 1, 1979 concerning corrective
action in our letter dated October 1, 1979

Dear Mr. McClintock:

Paragraph 1 of page 2 shall include monthly audits of the Radiation Safety Program, including readings and wipe tests, by the Radiological Safety Officer or the Alternate Radiological Safety Officer, with the results presented to the General Manager for review. The contents of this letter shall be included in Section 5 of the Radiological Safety Manual as an attachment, at this time, until June 1980, when we feel an updating of the total manual will be required.

Very truly yours,

EG&G INC. - TECHNICAL PRODUCTS GROUP
