Gentlemen:

RE: IE Bulletin No. 79-19

We plan to comply with Items one through eight as soon as possible. We have very few people that handle radioactive waste, in fact the RSO, the radiation technician and the primary investigator are the only people involved.

RE: Item 9

One shipment in 1978 to Nuclear Engineering Co.

VOLUME	<u>24</u>	cu.ft. (low level)
ACTIVITY	<u>.094</u>	mCi
ISOTOPES	C-14, I-125, H-3	

One shipment in 1979 to RAD Services, Inc.

VOLUME	<u>94</u>	cu.ft. (low level)
ACTIVITY	<u>17.257</u>	mCi
ISOTOPES	C-14, I-125, H-3	

The liquid waste was absorbed in vermiculite as per the vendors instructions.
